SUBSCRIPTION AND CLUB INFORMATION

The membership fee for 2005/2006 is £25 per year.

There is a joint membership fee for married couples at £35 per year.

Subscriptions should be made payable to Parkwood Photographic Society as a cheque.

Prospective members are advised to pop along to our club nights which are held on Monday Evenings (8pm) at Parkwood Community Centre in Rainham, Kent.

We have a website where our programme of activities can be browsed and downloaded at www.321web.co.uk/pcc

We are members of the KCPA (Kent County Photographic Association) and have regular slide and print competitions with other camera clubs.

Our programme of events runs from late September to Late May. During that period we hold competitions and studio sessions.

"Off the programme" events also take place, these are typically photographic sessions with models at an external studio.

There are also days out for landscapes etc. These outings help to bond friendships between members of the club

Our members live within a ten mile radius of Rainham, Kent and are a mixture of professionals who take studio and wedding photography, to enthusiasts who take landscapes and portraits.

The club has a small selection of studio lighting and backdrop equipment. Some members also bring their own studio gear which comes in handy when several photographers are sharing at a shoot.

By listening to KCPA judges' comments, our photographers are able to learn more about their own work, how to compose better and make use of techniques to improve their photographs.
